ALUMNI TO HEAR BYRD EXPEDITION SPEAKER DEC. 29

**A. W. Perkins, Who Was on
Antarctic Trip, to Talk
at H. S. Banquet**

The first Byrd expedition to the Antarctic is already history, but something of its more "human" side will be brought to Antioch Township High School alumni at their annual banquet Dec. 28 by Anson Walker Perkins.

Perkins, who was a member of the expedition, served as a sailor before the mast on the "City of New York" and later as quartermaster on the "Eleanor Bolling," Byrd's two supply ships.

He made the journey to Tahiti and from there on to New Zealand aboard the "City of New York." There he was transferred aboard the "Bolling" for the trip to the Bay of Whales on the edge of the Antarctic continent.

The "Bolling," making a second trip, from New Zealand to the Antarctic received radio commands from Byrd to turn back because of the danger that she might be lost with all hands before being able to break through the ice floes to the Antarctic.

Wintered in New Zealand Perkins was put in charge of the 15 or so reserve "Husky" dogs for the expedition that were kept at New Zealand. He and a companion spent the winter in the New Zealand mountains, hauling timber with the dogs to a spot 7,000 feet above sea level, above the timber line, where the New Zealand government had desired to erect a shelter for the use of scientist and explorers.

He has also had other interesting experiences, in addition to polar explorations. He was one of the first to volunteer when the United States entered the World war, and was a member of the Thirty-second division, which served on three fronts during the conflict.

While a student at the University of Wisconsin, his taste for adventure led to his being given the soubriquet of "Powder River" Perkins. His home is in Kenosha, Wisconsin.

The banquet is to be followed with a dance for which the high school swing band will play. The dinner will be served by the Millburn ladies.

The annual Alumni basketball game with the high school team will be played on Monday evening, Dec. 26.

College Students Home For Christmas Holidays

Betty Grimes, daughter of Mr. and Mrs. James E. Grimes, and Lillian Harter, daughter of Mr. and Mrs. Ira H. Harter, Lake Villa, will be among the students of Lake Forest college who will be on vacation from Dec. 17 to Jan. 3. Miss Harter is a member of Alpha Delta Pi, national social sorority, while Miss Grimes, a freshman, is a pledge of that organization.

Other college students who will spend the holidays with "home folks," include 143 from the University of Illinois whose homes are in Lake county. Among these are Charles W. Hawkins, Robert E. Matthews, Jane W. Warriner, George O. Hawkins, Cameron E. Micheli, Homer D. White, Margaret L. Hughes, and Grace Minto, all from Antioch; Robert J. Barthel, Fox Lake; Erlene Barron, Grayslake; Geraldine E. Bonner, Glenn C. Melby, Jean M. Culver, Glen D. Strang, and Lorraine Hooper, of Lake Villa.

Students from other schools who are home for the Christmas vacation include Mary Lou Sibley from Rockford college; Sidney Hughes from Illinois Wesleyan at Bloomington; and Ted Larson from Illinois college at Jacksonville.

Many of the students are alumni of the Antioch Township High school and they plan to attend the alumni banquet here on the evening of Dec. 29.

Delegates Announced for State Educators' Meet

Speakers are to include Reuben T. Shaw, Philadelphia, president of the National Education association, and Mrs. Catharine Mulberry, Chicago, president of the Illinois Congress of Parents and Teachers.

Dog Poisonings are Being Investigated

An outbreak of dog poisoning at Channel Lake, with 12 being reported dead and several others ill during the past three weeks, has roused the indignation of owners and dog lovers there.

The Channel Lake Community club has taken the matter up and is pressing an investigation. The losses of dogs are being reported to authorities and the club is also planning to take one of the dead canines to Dr. G. W. Jensen, Antioch veterinarian, for examination.

Dr. Jensen also reports that dogs that showed symptoms of having been poisoned have been brought to him for treatment.

SEQUIOTS LOSE TO OLD RIVALS

(BY SCOOP)

The Sequits of Antioch High school dropped their second conference game to their old rivals from Gurnee at the Gurnee gymnasium last Friday night 26-27. The Sequits started the game by taking a 7 to 4 lead in the first quarter, but were able to cage only one field goal and a free throw, while Warren was making 13 points, in the second quarter. In the third quarter the Sequits, ably supported by their lanky center, Burke, crept up on Warren and made the score 19 to 23. In the fourth quarter both teams battled furiously, but the game ended with Warren out in front by one lone point.

Popular opinion is, however, that if Antioch would have had but 30 seconds more it would have been another victory for Antioch.

In the opening game the Antioch lightweights were beaten by the Warren bantams by the score of 27-17.

Thursday night the Sequits, coached by R. H. Childers, will meet the strong Waukegan team in a non-conference game.

"MAKE YOUR WILL," JUDGE MARTIN DECKER TELLS CIVIC CLUB

Probate Judge Makes Interesting Address at Dinner Meeting Monday

The necessity of avoiding pitfalls in the matter of making and executing wills, and errors that would tend to cause long drawn legal procedure in the settlement of estates was stressed by Judge Martin C. Decker of the Lake county probate court who spoke before the Antioch Mens Civic club at Ball hotel Monday evening.

Every person who owns property should execute a will, Judge Decker told the thirty-five guests assembled for the dinner. Care in designating beneficiaries as well as the manner of executing and the witnessing of wills should have the attention of a capable lawyer, the judge said. One year's time is required to complete the settlement of most estates, the jurist pointed out. He also commented upon the desirability of placing property in joint tenancy, the plan whereby the survivors of such a contract automatically become beneficiaries and succeed to the ownership of property without any further legal procedure.

Lake county is one of the 12 counties of the state having a population of over 85,000 in which the probate court is separated from the county court. The office was created in this county in 1922 and Judge Decker has served continuously as probate judge since that time.

The speaker was introduced by W. C. Petty, program chairman of the Civic club.

AUXILIARY PLANS CHRISTMAS PARTY

**American Legion Ladies to

The Antioch ladies have been invited to attend a joint meeting of the Tenth district American Legion and auxiliary Friday evening at the Labor temple in Highwood.

Twenty-one members and guests were present at a meeting held by the American Legion auxiliary Friday evening, Dec. 9, in the Legion hall.

Fox Lake Man Asks \$1,400 for Crash Injuries

Earl Rushmore, Fox Lake, started suit in circuit court at Waukegan Monday against Jacob W. Burazin, Milwaukee, for auto damages and personal injuries received in a collision Dec. 9 at Belvidere and Telegraph roads. Rushmore asks for \$400 vehicle damage and \$1,000 for personal injuries. Burazin, it is alleged, failed to stop at the intersection of the two state roads.

Files Complaint for Auto Mishap Damages

Kenneth C. Hutchinson has filed a complaint in the circuit court at Waukegan against Albert Kumpfer for \$236.41 automobile damages incurred in an accident in Kenosha county July 25, 1937.

Hutchinson was driving south on route 83 in Kenosha county when his car and one being driven north by Kumpfer collided.

The accident took place about a mile north of the Illinois state line.

Mr. and Mrs. S. Boyer Nelson spent Thursday evening with Mr. and Mrs. Ray Schwartz of Kenosha.

MAN DROWNS WHEN LAKE ICE BREAKS

**Companions Are Aided to
Safety by Formation of
"Human Chains"**

A brother and sister, Anna Joseph, 22, and Oscar Joseph, 16, Chicago, were saved by daring rescue attempts in two ice-skating accidents at Diamond lake Sunday. Their brother-in-law, Jerome M. Huvaere, 27, of Chicago, was drowned in the first accident, when he and Miss Joseph fell through thin ice while skating.

A dozen men and boys who formed a "human chain" and reached for them with a hockey stick managed to pull Miss Joseph to safety but were unable to get Huvaere.

Miss Joseph's brother, who was skating a short distance from them, also was plunged into the water when he responded to the calls for help. He was enabled to get back to firm ice by a second human chain.

The party, with Mrs. Huvaere and another sister, Clara Joseph, had been spending the afternoon at a summer cottage at the lake.

Louise Kamrath, 10, of Chicago, was helped back to safety by Hal J. Hazen, of Antioch and Waukegan, when she fell through the thin ice about 100 feet from the shore at Channel Lake Sunday. Hazen happened to be watching from the shore when Louise, who was visiting at the lake with her father, went through the ice.

Fire Destroys Barn on Stewart Estate

The Antioch Fire department was called out late Tuesday afternoon to aid the Gurnee department in fighting a blaze that destroyed a large barn on an estate owned by Douglas Stewart, president of the Quaker Oats company. Sparks from the gasoline motor on a corn shredder were blamed as the cause.

The barn, valued at \$10,000, was a total loss, as were also a wooden silo and 100 tons of silage, and a large quantity of baled and loose hay and 20 tons of corn fodder. All of the livestock, eight horses, 40 steers and 60 hogs, was saved.

The fire departments were successful also in saving the house and a large new barn located only about 30 feet from the other one. The Antioch department's 1,000-gallon water tank proved especially helpful in preventing the spread of the flames. It was not learned whether any of the loss was covered by insurance.

The fire was first noticed about 4:30 p. m., and the Gurnee department put in the call to Antioch as soon as it arrived at the scene.

Judge Yule Decorations

Judging of store windows and homes to determine which decorations best exemplify the true Christmas spirit will start at 8:30 o'clock Friday night, according to announcement made today by Walter Scott, president of the Antioch Lions club, sponsor of the plan to encourage Yuletide decorations in Antioch. The Club will give a prize of \$10 each to the winners of the best home decoration and the winning store window display.

Dr. and Mrs. H. F. Beebe of Anoka, Minnesota, were calling on friends in Antioch Wednesday, on their way to Chicago, where they will spend the Christmas vacation.

Antioch Couples Celebrate Wedding Anniversaries

**CHARLES COBBS
OBSERVE GOLDEN
WEDDING DATE**

**C. F. BARTHELS
WED 60 YEARS
AGO CHRISTMAS**

**Hold Dinner and "Open
House" at Lake Marie
Residence**

**Family Reunion Sunday to
Commemorate Wedding
Held Dec. 25, 1878**

The home of Mr. and Mrs. Charles E. Cobb at Lake Marie was the scene of a family reunion and open house in honor of their golden wedding anniversary Sunday. A dinner was served at noon, with covers placed for 23.

Mr. and Mrs. Cobb were married 50 years ago Monday, Dec. 19, but the observance was held on Sunday in order that as many members of the family as possible might be present.

Mr. and Mrs. Richard Wilton, of Loon Lake, who "stood up" with the couple when they were married at Wilmet, were among those present. Mrs. Wilton, whose maiden name was Julia Yopp, is a sister of Mrs. Cobb.

Also attending were their sons, Raymond and Edward Cobb, Waukegan, and Edward, of Antioch, and their daughter, Mrs. Roger Miller, Lake Marie, together with members of their families. Another son Oliver, who lives in New York City, was unable to come but sent messages of congratulation.

Four of the Cobbs' children have died. They have ten grandchildren and one great-grandchild.

Mrs. Cobb, who is 71 years of age, was born at Bluff lake. She is a daughter of the late Mr. and Mrs. Barnard Yopp, and before her marriage was Miss Johanna Yopp. Mr. Cobb was born in Jefferson county, New York, and came to Lake county at the age of 22. He is now 79.

Silver Anniversary
Mr. and Mrs. Fred Petersen of Antioch celebrated their silver wedding anniversary with a party for 75 guests Saturday evening in the Danish hall.

Oren E. Olcott Dies In Waukegan Hospital

Funeral services were held Monday morning at 10:30 o'clock in the White and Tobin funeral home, Waukegan, for Oren E. Olcott, 64. The Rev. Frederic Baldus officiated. Burial was in the Hillside cemetery, Antioch.

Olcott, who was the brother of George Olcott, Lake Villa, died Thursday evening in the Lake County General hospital, Waukegan.

Olcott's second wife, Luella Garwood Olcott, preceded him in death only six months ago. His first wife was Mathilda Rudolph Olcott.

He is survived by two sons, Oscar and Clarence, and a daughter, Grace; by two brothers, Henry Olcott of Waukegan, and George Olcott, and a sister, Mrs. Thelma Thompson, Black River Falls. A son, Raymond, preceded his father in death.

Methodist Sunday School Plans Christmas Party

A Christmas tree, a "treat" and a visit from "Santa" will be features of the Yule party to be held by the Methodist Sunday school Saturday afternoon at the church.

The party will be at 2 o'clock, and will be for pupils and their parents.

Last Sunday afternoon at 4 o'clock a vesper service, with a tableau of the manger scene, was held at the church for the Sunday school.

Kenosha Seeks Bookings For Basketball Games

The Bell Clothing House basketball team of Kenosha would like to book games with any outstanding teams in this locality, according to word received by the News from D. H. Kotz, manager. The Kenosha cagers are willing to plan on any basis, the manager says, and that home games are especially desirable. Inquiries should be addressed to Mr. Kotz, at the First National Bank of Kenosha.

Mrs. Clara Westlake left Saturday for Lancaster, N. Y., where she will spend several months with Mr. and Mrs. Monty Hinton and family. Mrs. Hinton before her marriage was Miss Martha Westlake, of Antioch.

Douglas Clifford of Highland Park spent Sunday with Harry and Wendell Nelson.

Christmas Day will hold a deeper personal significance for Mr. and Mrs. Charles F. Barthel of Antioch than it does for most people, for on that date they will celebrate their sixtieth wedding anniversary.

A heavy snow was falling on the morning of Dec. 25, 1878, when they were married at Tannersville, in Monroe county, Pennsylvania. Mrs. Barthel recalls.

"An old German lady told me that was a bad sign, and for every snow flake that fell I would shed a tear," she laughs.

"It cleared away in the afternoon and the sun was shining when we were married. It was a beautiful day," adds Mr. Barthel.

Five Generations Living

There is a "five generations" family, for in addition to the four surviving of the eight sons and daughters who were born to them, and their 20 grandchildren and 12 great-grandchildren, they also have two great-great-grandchildren.

Both Mr. and Mrs. Barthel are 80 years of age, his birthday anniversary having been celebrated in August and hers in October.

Mrs. Barthel, who before her marriage was Catherine Marie Werkheiser, was born at Tannersville, the daughter of Linford and Eliza Werkheiser. Mr. Barthel was born in Saxony, Germany. He came to the United States at the age of 10, with his parents, Christian L. and Charlotte Barthel.

After their marriage the Barthels went to Scranton, Pa., where they lived for about eight years. Then they came to Chicago, where Mrs. Barthel spent a winter while Mr. Barthel was employed at Antioch as foreman of a construction gang that was building an ice house at Cross Lake.

Aeronautical Engineer

In the spring they established their home at Antioch and lived here until the time of the World War, when Mr. Barthel was employed as an aeronautical engineer at the Curtiss aircraft works in Buffalo, N. Y.

When the government sent out a call for men capable of doing aeronautical engineering work Mr. Barthel, who had made a hobby of the study, responded. At first his application was discarded on the grounds that he was "too old." He was past the draft age, being 60 at the time, but at his insistence he was allowed to take the examinations necessary for the further training for those who were going into this work, and the high mark he made gained his acceptance without further question.

Mrs. Barthel joined him in Buffalo while he was working there. At the close of the war the Barthels made their home in Kenosha for about 12 years, Mr. Barthel being employed as a cabinet maker by the Wisconsin Gas and Electric company there.

Return to Antioch

For the past eight years they have resided again in Antioch, with their son-in-law and daughter, Mr. and Mrs. Edwin Anderson, with whom they also lived while in Kenosha.

Their sons and daughters include Mrs. Anderson; William L. Barthel, Salem, Wis.; Mrs. F. L. Bristol, Chicago; and Frederick A. Barthel, Chicago.

Those who have died include their son, Linford, who passed away a few years ago but whose family resides in Antioch; a son, Alvin, who died at the age of 9, and two sons, Arthur and Ray, who died in infancy.

The "five generations" include the former Mrs. Linford Barthel, now Mrs. Augusta Belter; Mr. and Mrs. Les Crandall; Mr. and Mrs. Franklin Crandall; and the Franklin Crandall's two children.

The Barthels celebrated their golden wedding 10 years ago in Kenosha with a family reunion in the E. M. B. A. hall which was attended by 48. If the family are all together this Christmas Day there will be 57 present.

A family Christmas dinner at noon and an open house in the afternoon and evening will be features of the festivities.

Financing the Rearmament

More and more news is beginning to leak out concerning the Administration's vast rearmament plan. It seems certain that hundreds of millions will be spent next year for battleships, planes and expansion of all the arms of the military service. This forthcoming "war budget" will doubtless be the largest, for peace time, in our history.

In the meantime, there is considerable talk about ways of financing it. The President has said that he does not want to do that by adding to the debt—that he favors a pay-as-we-go plan so far as possible. At the same time, sentiment generally in Congress seems to be against new taxes.

One suggested solution is for the Administration to liquidate some of the tremendous assets held by the RFC. This bureau is a big partner in American industry and its holdings run into the billions. They are, however, difficult to realize on—no one believes the RFC would dump securities on the open market, as that would be certain to cause a sharp break in values.

So, even though Congress is unwilling, it may become necessary to pay for rearmament with new taxes, or higher old taxes. If the latter course is chosen, it is likely that the income tax on all or most brackets will be increased one or two per cent.

"Little Man, What Now?"

In an editorial aptly entitled, "Little Man, What Now?" the Oklahoman says: "It has been said by those who figure out such statistics that if the United States were to pay as it goes, our taxes would now be the highest in the world, which makes it rather cold comfort to remind ourselves that taxes in England are now higher than they ostensibly are in the United States."

"True to the old saying, there is one thing beside death that's sure, and that's liberal taxes. Little man (and that means most of us), you'll pay until it hurts. "You'll pay more, proportionately, than the rich man. The liberal tax-eaters are hungrily sizing you up. Liberal bureaucracy is growing every minute. The liberals are going to get you, even if you do watch out."

Estimates vary as to just how much taxes—most of them the "hidden" or "invisible" variety—are paid by the average little man. But most authorities agree that they amount to more than one-fifth of every cent he earns. That means that you work one day out of five for government. It means that of every dollar you spend, more than twenty cents finds its way into the hands of the tax collector. It means a lower standard of living for yourself and your family. And you are paying only part of the bill—the rest is yet to come.

The little man has far more to gain from economical government than the big man. The hidden taxes that are an inescapable part of what you pay for a loaf of

bread, a theatre ticket or a suit of clothes, are infinitely more important to a \$20-a-week clerk than to a \$20,000-a-year executive. As the Oklahoman points out, the "little man" is getting his now—and he'll get it still worse if he doesn't make his protests felt.

Don'ts for a Merry Christmas

A Merry Christmas to you and yours! And remember—it can't be merry unless it's safe.

Fire is the great hazard of the holiday. It has turned many a gladsome celebration into a horrible tragedy; for the victims of holiday fires are usually children.

So—here are some don'ts for the holidays that will pay you tremendous dividends in the coin of happiness and safety:

Don't use candles on your Christmas tree—the tree itself is highly inflammable and it, together with tinsel decorations placed near flame, may cause a holocaust in your home. Electric light sets are inexpensive, safe and satisfactory.

Don't permit children in flimsy cloth or paper holiday costumes to be in a room with open flames of any kind. Fatal burns can be suffered in an incredibly brief period of time.

Don't give children gifts that require the use of explosive chemicals, fire, steam or other hazardous elements.

Don't allow a mess of discarded Christmas package wrappings to accumulate. A carelessly disposed match or cigarette may cause them to burst into a fire that will swiftly get out of control.

Dry Christmas trees present a major hazard—dispose of yours as soon as the holidays are over.

And—last but not least—don't take a chance of any kind.—Be constantly alert. Have your fun safely.

Time for Recovery

We must have a full head of steam in the country's machinery, and the bearings must be kept lubricated. Congress will do well to scrutinize carefully all proposals for tax changes with this consideration at all time in the forefront.

We have had six years of "reform" and for the purpose of this discussion let it be granted that the "reforms" were in themselves good. But we have had also, six years in which "recovery" has been halting, intermittent, and at the last clearly unsatisfactory. . . . There is a time for all things and it is time now for recovery.

A Common Cause

Agriculture marketing cooperatives and consumers of farm products are interested in a common cause. The purpose of such co-ops is to provide the consumer with a constant supply of products of established quality and purity, at a price which will bring the producer a decent profit—and still be attractive to the buyer.

The desire of the consumer is the same—to be able to obtain, at any time, products in which he has confidence, and at a fair price.

The cooperatives have been an important element in improving farm produce, in taking it to market in the best condition at the lowest possible cost, and thus improving the average family's diet. This is a phase of farm work that deserves public recognition.

CHRISTMAS SEALS PAY DIVIDENDS IN SAVING HUMAN LIFE

As we approach Christmas Day it is not unusual to hear of financial dividends declared and bounties awarded. The Lake County Tuberculosis Association wishes to call your attention to another dividend of quite a different character—a dividend on a capital investment so small that most of you have never jotted it down nor remembered to deduct it from your income tax—a legitimate subtraction.

This dividend cannot be expressed in dollars but in human lives, in families reunited this holiday season, in father and mother spared to their promise to usefulness.

Thirty-one years ago this Fall, people began spending a few pennies each year at this time for Tuberculosis Christmas Seals.

Pennies grew into dollars and dollars piled up and helped to bring knowledge about tuberculosis to the rich and to the poor. Those pennies financed research and medical science began to make startling discoveries of new ways to combat tuberculosis.

Newspapers, radio, and moving pictures joined the fight. Artists and writers became members of the army. All helped to spread the word that tuberculosis is preventable, that tuberculosis is curable.

Tuberculosis met its first real opposition when people began backing the fight with ammunition from Christmas Seal pennies.

The Association entreats you to hunt up those Christmas Seals you intended to pay for and get in your contribution today. With your help the association is looking forward to an increased program against tuberculosis in Lake county during 1939.

GOD'S GREAT LOVE

LESSON TEXT—Matthew 2:1-12.
GOLDEN TEXT—God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish but have everlasting life.—John 3:16.

Christmas Day on Sunday—what an appropriate combination! Today we commemorate the birth of our Lord, the coming of our Redeemer to dwell among men on the day of the week which is a perpetual remembrance of His resurrection from the dead—the Lord's Day. He came as the babe of Bethlehem's manger in order that He might in His death and resurrection from the grave prove His victory over sin and death. For those who know and love the true spirit of Christmas, this should be a great day of rejoicing in Christ.

We have an unusual opportunity to study the birth of Jesus from a text not commonly used for Christmas, namely, the coming of the Wise Men from the East to find and to worship Him. It is suggested that their experiences may be considered as showing the way to Jesus, who is the perfect revelation of God's great love. We should

I. Look for His Sign (vv. 1-3).

While most of their fellow men saw nothing but an unusually bright star (if they even noted that much, in their hurried devotion to the interests of everyday life), the men of the East showed that they were wise by recognizing that here was the promised sign of Numbers 24:17. Be sure to read that great prophecy. When they told Herod, he, fearing lest his own power and prominence should be challenged, became troubled in his heart.

The parallel to our day is striking. Everywhere in our lives, personal and national, are the unmistakable signs of the presence and power of Jesus. Most people heed them not in their mad pursuit of gold and pleasure. Others hate His name, and would destroy His influence on earth. Let us be among the wise men who come today to seek and worship Him.

II. Listen to God's Word (vv. 4-6).

The Wise Men knew that He was to come, but they needed further light. They knew where to find it—in God's own Word. How different would be the history that is in the making in our day if instead of turning to the philosophies of men, or trusting in the might of armaments, we would turn to God's Word and let it lead us all to Christ, the Saviour of the world, the Prince of Peace.

III. Seek the Saviour (vv. 7-9).

Different motives moved in the hearts of those who consulted the Scriptures on that far-off day in Jerusalem. Herod, while hypocritically professing to want to worship, really was looking into it so that he might kill Jesus. There are hypocrites who study God's Word in our day for the same purpose while ostensibly worshipping. The people of Jerusalem had the curious bystander's interest in an unusual event. They have their counterpart in our churches and communities on this Christmas Day of 1938. Then there were the chief priests and scribes, who had a purely professional interest in finding what the Scriptures taught concerning this promised One. There are plenty of that kind of religious leaders and workers today.

None of these actually sought the Saviour except the Wise Men. Thank God for the thousands of men, women, and children who will today seek the Christ who is the very reason for the observance of Christmas, but who has been all but lost in the nonsense and commercialism that have practically ruined Christmas as a sacred "holy day."

IV. Worship Him (vv. 10-12).

These faithful seekers found Him, and in Him they found joy (v. 10), worship (v. 11), opportunity for sacrifice of self and gifts (v. 11), and fellowship with God in the great work of redemption (v. 12). God spoke to them, gave them a personal and secret commission which thwarted the wicked plans of Herod.

Christmas may mean all of that to each one of us if we let the Lord Jesus come into our lives in all the beauty of His redeeming love and holiness. To you who read these lines just now, the writer makes this plea in the name of Christ—let Him have your life and transform it by His grace and for His glory. Only thus can you have a joyful and blessed Christmas.

The Parent Mind

The souls of the sons of God are greater than their business; and they are thrown out into life, not to do a certain work, but to be a certain thing; to have some sacred lineaments, to show some divine tint of the Parent Mind from which they came.—Martineau.

The Nation's Progress

National progress is the sum of individual industry, energy, and uprightness, as national decay is of individual idleness, selfishness and vice.
